## ANNUAL FUNDING NOTICE

### AUTOMOBILE MECHANICS' LOCAL NO. 701 UNION AND INDUSTRY PENSION FUND

#### **Introduction**

This notice includes important information about the funding status of your multiemployer pension plan (the "Plan"). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation ("PBGC"), a federal insurance agency. All traditional pension plans (called "defined benefit pension plans") must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes and you are not required to respond in any way. This notice is required by federal law. This notice is for the plan year beginning 1/1/2018 and ending 12/31/2018 ("Plan Year").

#### **How Well Funded Is Your Plan**

The law requires the administrator of the Plan to tell you how well the Plan is funded, using a measure called the "funded percentage." The Plan divides its assets by its liabilities on the Valuation Date for the plan year to get this percentage. In general, the higher the percentage, the better funded the plan. The Plan's funded percentage for the Plan Year and each of the two preceding plan years is shown in the chart below. The chart also states the value of the Plan's assets and liabilities for the same period.

<b>Funded Percentage</b>			
Plan Year	2018	2017	2016
Valuation Date	1/1/2018	1/1/2017	1/1/2016
Funded Percentage	75.99%	74.12%	72.15%
Value of Assets	\$893,816,293	\$855,923,763	\$819,987,756
Value of Liabilities	\$1,176,156,707	\$1,154,791,108	\$1,136,523,123

#### **Year-End Fair Market Value of Assets**

The asset values in the chart above are measured as of the Valuation Date. They also are "actuarial values." Actuarial values differ from market values in that they do not fluctuate daily based on changes in the stock or other markets. Actuarial values smooth out those fluctuations and can allow for more predictable levels of future contributions. Despite the fluctuations, market values tend to show a clearer picture of a plan's funded status at a given point in time. The asset values in the chart below are market values and are measured on the last day of the Plan Year. The chart also includes the year-end market value of the Plan's assets for each of the two preceding plan years.

	12/31/2018	12/31/2017	12/31/2016
Fair Market Value of Assets	\$869,208,080*	\$922,786,789	\$815,346,946

\*Unaudited

#### **Endangered, Critical, or Critical and Declining Status**

Under federal pension law, a plan generally is in "endangered" status if its funded percentage is less than 80 percent. A plan is in "critical" status if the funded percentage is less than 65 percent (other factors may also apply). A plan is in "critical and declining" status if it is in critical status and is projected to become

insolvent (run out of money to pay benefits) within 15 years (or within 20 years if a special rule applies). If a pension plan enters endangered status, the trustees of the plan are required to adopt a funding improvement plan. Similarly, if a pension plan enters critical status or critical and declining status, the trustees of the plan are required to adopt a rehabilitation plan. Funding improvement and rehabilitation plans establish steps and benchmarks for pension plans to improve their funding status over a specified period of time. The plan sponsor of a plan in critical and declining status may apply for approval to amend the plan to reduce current and future payment obligations to participants and beneficiaries.

The Plan was in endangered status in the Plan Year ending 12/31/2018 because the Plan's funded percentage is less than 80%. In an effort to improve the Plan's funding situation, the trustees adopted a Funding Improvement Plan on October 21, 2015, effective October 21, 2015, and scheduled to run through December 31, 2027. The Funding Improvement Plan calls for maintaining current benefits under the plan and current employer contribution rates, and is projected to allow the Plan to emerge from endangered status at the end of the period. You may obtain a copy of the Plan's funding improvement plan, any update to such plan and the actuarial and financial data that demonstrate any action taken by the Plan toward fiscal improvement. You may get this information by contacting the plan administrator.

If the Plan is in endangered, critical, or critical and declining status for the plan year ending December 31, 2019, separate notification of that status has or will be provided.

**Participant Information**

The total number of participants and beneficiaries covered by the Plan on the valuation date was 14,626. Of this number, 4,449 were current employees, 5,794 were retired and receiving benefits, and 4,383 were retired or no longer working for the employer and have a right to future benefits.

**Funding & Investment Policies**

Every pension plan must have a procedure to establish a funding policy for plan objectives. A funding policy relates to how much money is needed to pay promised benefits. The funding policy of the Plan has been developed over the past 30 years based on the requirements of ERISA and the standards set forth in the Trust Document. Employer contributions are paid into the Trust Fund which was established solely to provide retirement benefits for active and retired participants of the Automobile Mechanics' Local No.701 Union and Industry Pension Fund. Each year the Board carefully reviews an audit report and actuarial valuation report to measure current assets against current liabilities. When necessary, the Board makes changes to the Plan to preserve the assets and benefits promised in the Trust Fund. The goal is to ensure that the Plan can meet its financial obligations to all active participants, retirees and beneficiaries over the next several decades.

Pension plans also have investment policies. These generally are written guidelines or general instructions for making investment management decisions. The investment policy of the Plan is designed to guide the activities necessary to maintain compliance with the policies and guidelines approved by the Plan's fiduciaries. The following table summarizes the asset allocation policy targets and ranges that have been adopted for the Plan:

**Policy Allocation and Ranges**

Asset Class	Policy Target as a Percent of Total Assets	Policy Range
Fixed Income*	27.5%	± 5%
US Equity	42.5%	± 5%
International Equity	12.0%	± 3%
Equity Real Estate	12.0%	± 5%
Global Balanced	6.0%	± 3%

\* The allocation to cash is included in the fixed income portion of the asset allocation policy. An adequate cash reserve level will be maintained to meet benefit payments and expenses.

The investment objective of the Plan is to approximate the return of a weighted benchmark of appropriate market indices based on the Plan's asset allocation policy. Investment performance for each manager/product is analyzed within each asset class relative to an appropriate market index benchmark and a broad universe of managers.

Under the Plan's investment policy, the Plan's assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

<u>Asset Allocations</u>	
Stocks	55.5%
Investment grade debt instruments	27.3%
High yield debt instruments	2.9%
Real estate	13.3%
Other	1.0%

For information about the Plan's investment in any of the following type of investments as described in the chart above contact the Fund Administrator at 361 S. Frontage Road, Suite 100, Burr Ridge, IL 60527, 708-482-0220.

### ***Right to Request a Copy of the Annual Report***

Pension plans must file annual reports with the US Department of Labor. The report is called the "Form 5500." These reports contain financial and other information. You may obtain an electronic copy of your Plan's annual report by going to [www.efast.dol.gov](http://www.efast.dol.gov) and using the search tool. Annual reports also are available from the US Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N1513, Washington, DC 20210, or by calling 202-693-8673. Or you may obtain a copy of the Plan's annual report by making a written request to the plan administrator. Annual reports do not contain personal information, such as the amount of your accrued benefit. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is identified below under "Where to Get More Information."

### ***Summary of Rules Governing Insolvent Plans***

Federal law has a number of special rules that apply to financially troubled multiemployer plans that become insolvent, either as ongoing plans or plans terminated by mass withdrawal.

The plan administrator is required by law to include a summary of these rules in the annual funding notice. A plan is insolvent for a plan year if its available financial resources are not sufficient to pay benefits when due for that plan year. An insolvent plan must reduce benefit payments to the highest level that can be paid from the plan's available resources. If such resources are not enough to pay benefits at the level specified by law (see Benefit Payments Guaranteed by the PBGC, below), the plan must apply to the PBGC for financial assistance. The PBGC will loan the plan the amount necessary to pay benefits at the guaranteed level. Reduced benefits may be restored if the plan's financial condition improves.

A plan that becomes insolvent must provide prompt notice of its status to participants and beneficiaries, contributing employers, labor unions representing participants, and PBGC. In addition, participants and beneficiaries also must receive information regarding whether, and how, their benefits will be reduced or affected, including loss of a lump sum option.

### ***Benefit Payments Guaranteed by the PBGC***

The maximum benefit that the PBGC guarantees is set by law. Only benefits that you have earned a right

to receive and that cannot be forfeited (called vested benefits) are guaranteed. There are separate insurance programs with different benefit guarantees and other provisions for single-employer plans and multiemployer plans. Your Plan is covered by PBGC's multiemployer program. Specifically, the PBGC guarantees a monthly benefit payment equal to 100 percent of the first \$11 of the Plan's monthly benefit accrual rate, plus 75 percent of the next \$33 of the accrual rate, times each year of credited service. The PBGC's maximum guarantee, therefore, is \$35.75 per month times a participant's years of credited service.

*Example 1:* If a participant with 10 years of credited service has an accrued monthly benefit of \$600, the accrual rate for purposes of determining the PBGC guarantee would be determined by dividing the monthly benefit by the participant's years of service ( $\$600/10$ ), which equals \$60. The guaranteed amount for a \$60 monthly accrual rate is equal to the sum of \$11 plus \$24.75 ( $.75 \times \$33$ ), or \$35.75. Thus, the participant's guaranteed monthly benefit is \$357.50 ( $\$35.75 \times 10$ ).

*Example 2:* If the participant in Example 1 has an accrued monthly benefit of \$200, the accrual rate for purposes of determining the guarantee would be \$20 (or  $\$200/10$ ). The guaranteed amount for a \$20 monthly accrual rate is equal to the sum of \$11 plus \$6.75 ( $.75 \times \$9$ ), or \$17.75. Thus, the participant's guaranteed monthly benefit would be \$177.50 ( $\$17.75 \times 10$ ).

The PBGC guarantees pension benefits payable at normal retirement age and some early retirement benefits. In addition, the PBGC guarantees qualified preretirement survivor benefits (which are preretirement death benefits payable to the surviving spouse of a participant who dies before starting to receive benefit payments). In calculating a person's monthly payment, the PBGC will disregard any benefit increases that were made under a plan within 60 months before the earlier of the plan's termination or insolvency (or benefits that were in effect for less than 60 months at the time of termination or insolvency). Similarly, the PBGC does not guarantee benefits above the normal retirement benefit, disability benefits not in pay status, or non-pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay.

For additional information about the PBGC and the pension insurance program guarantees, go to the Multiemployer Page on PBGC's website at [www.pbgc.gov/multiemployer](http://www.pbgc.gov/multiemployer). Please contact your employer or plan administrator for specific information about your pension plan or pension benefit. PBGC does not have that information. See "Where to Get More Information," below.

### ***Where to Get More Information***

For more information about this notice, you may contact:

Automobile Mechanics' Local No. 701 Union and Industry Pension Fund  
361 S. Frontage Road, Suite 100  
Burr Ridge, IL 60527  
708-482-0220

For identification purposes, the official plan number is 001 and the plan sponsor's name and employer identification number or "EIN" is AUTOMOBILE MECHANICS' LOCAL NO. 701 UNION AND INDUSTRY PENSION FUND and 36-6042061.
