Notice to Employers and Sponsoring Unions

For Automobile Mechanics' Local No. 701 Union and Industry Pension Fund For the Year Ended December 31, 2022

To: Contributing Employers and Automobile Mechanics' Local Union No. 701

This notice regarding the Automobile Mechanics' Local No. 701 Union and Industry Pension Fund ("the Plan") is being provided as required by Section 104(d) of ERISA as amended by the Pension Protection Act of 2006. The Plan Year is a calendar year.

1. Contributions and Benefits

- a. Employers contributed to the Plan amounts set forth in their collective bargaining agreements and/or participation agreements ranging from \$20.00 per week worked to \$238.00 per week worked during the January 1, 2022 to December 31, 2022 calendar year.
- b. The Plan provides a normal retirement annuity benefit which is based on Future Service Credits (Pension Credits). In Plan Year 2011, there was a change to the benefit multiplier as a result of endangered funding status. The future benefit accrual rate was reduced from \$80 to \$60. For active participants in the Plan, the normal base pension is determined initially by multiplying the number of Pension Credits earned during each of the Participant's Period(s) of Accrual times the Accrual rate appropriate for such Periods of Accrual as shown in the following schedule:
